

# Powering the K-12 Mobile Environment

Kajeet gives schools and districts the power to extend the school day with Wi-Fi on the bus and Internet access outside the classroom; manage student mobile devices anywhere; and help students safely explore the digital world.

From school to home, **Kajeet has K-12 mobile covered.**

Data Consumption  
& Time-of-Day  
Controls

*“Kajeet is the difference between getting work done and not getting work done.”*

**Diane Doersch**, CTO/CIO | Green Bay Area Public Schools (WI)

Extend the Classroom to the Bus

# Kajeet SmartBus™

**Turn travel time into instructional time.** Kajeet extends the classroom and helps improve student behavior, and overall safety, by providing more than just Internet on the school bus.

- Provide additional time for studying and homework.
- Reduce behavior incidents, saving administrator time.
- Improve driver focus and safety by reducing distractions.

## SMARTBUS FEATURES

Dual-Carrier  
Option

GPS

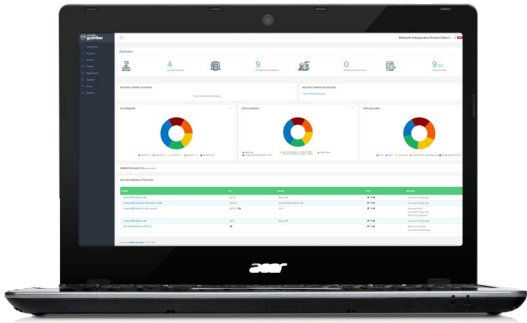

Usage & Data  
Reporting

*“What happens on the bus has a large impact on the rest of a student’s school day. We tend to look at buses only as vehicles, but they are always an extension of the classroom and the school environment.”*

**Gary Lambert**, Director of 21st Century Learning | Beekmantown School District (NY)

Simply Manage All Student Devices and Content

# Mobile Device Management

Kajeet helps school districts **manage countless student mobile devices with an easy-to-use, centralized platform, built for education.** Create and monitor a safe and secure digital environment for student devices on multiple operating systems.

Partnering with Mobile Guardian, Kajeet offers a complete solution to manage all student devices, which supports safe, collaborative classroom learning while giving the school district total oversight into devices, content, and student use.

## MDM FEATURES

### Operating System Agnostic

Manage all devices with a single dashboard.
