

SMART Refresh Program

Save on a new SMART Board® when you trade in any brand of interactive display.

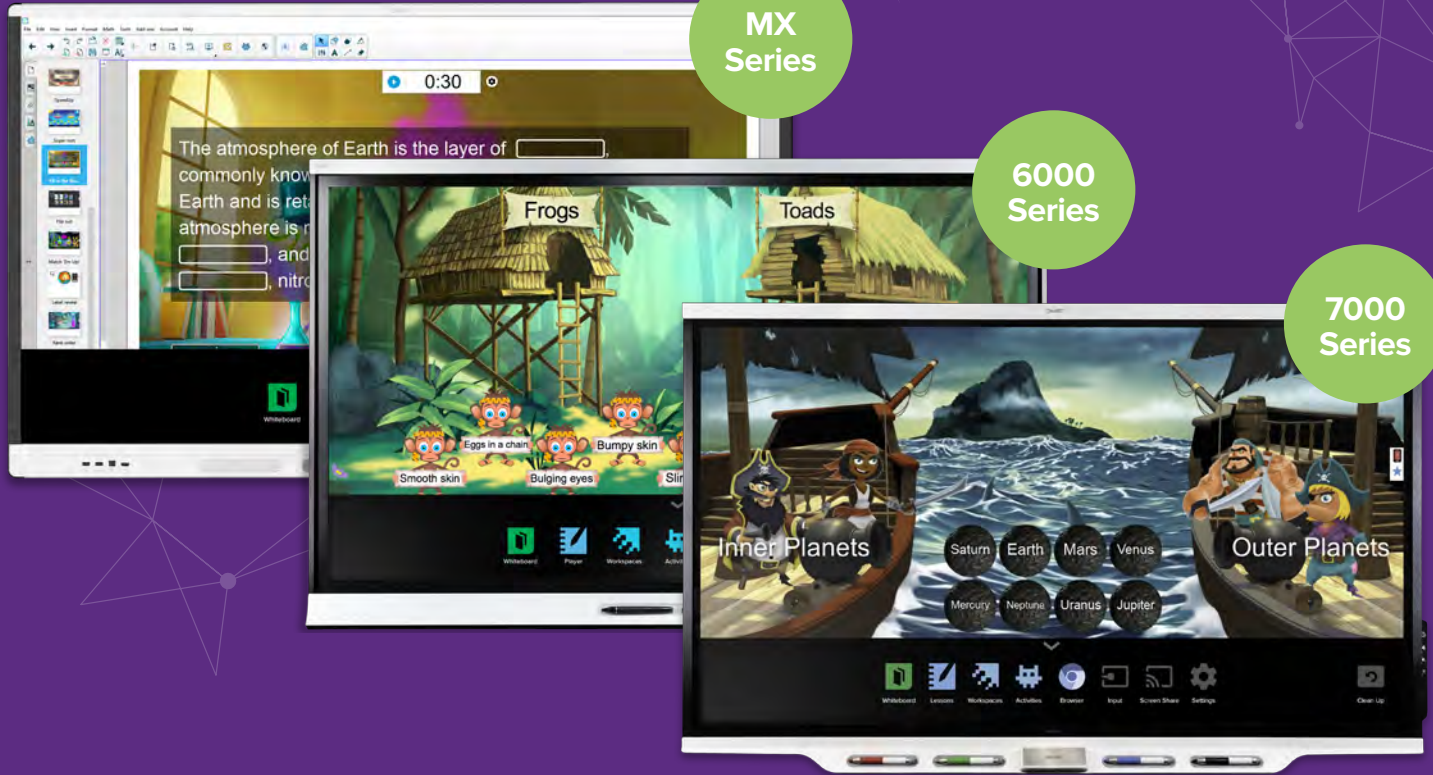

Introducing SMART Boards with iQ

The 7000, 6000 and new MX series SMART Board interactive displays with iQ are all-in-one classroom technology hubs. You don't need to plug in your laptop - iQ technology connects SMART Learning Suite lessons and activities, cloud workspaces and devices to create your wireless learning environment. All SMART Board interactive displays include 4K Ultra HD resolution and are designed for whole class, small group and individual learning.

Three new SMART Board series. Three ways to save.
