WHO IS ILTPP?

ILTPP is a statewide cooperative of Illinois educational entities that aggregate the buying power and expertise to procure technology products and services from quality vendor partners while providing valued communication and collaboration. We are an initiative of the **Learning Technology Center (LTC)** and contribute to the LTC's mission of building statewide capacity for educational change through technology-related professional learning, programs, and support.

ILTPP is an Illinois Chief Procurement Office Approved Cooperative/Consortium.

We are the state agency representing the Association of Educational Purchasing Agencies (AEPAs).
